## HARDWOOD WALL PLANKS

**PORTFOLIO** wall planks is a versatile architectural element that has the power to utterly transform your space. Whether you envision a vertical, horizontal, or diagonal installation, these planks offer boundless possibilities for creating stunning interior designs.

Each carton of **PORTFOLIO** wall planks contains random lengths ranging from 12" to 48", with an impressive 80% of boards measuring the full 48" length. Crafted from 100% real wood, these planks boast a construction that combines an HDF core with front and back face veneers, finished with the remarkable WearMax coating. Whether you seek rustic charm or understated cosmopolitan aesthetics, these planks cater to both residential and commercial environments.

This unique blend of materials ensures unparalleled durability and flexibility. Moreover, the engineered shiplap edge guarantees that the surface behind the planks remains concealed, regardless of seasonal changes in humidity. Experience the epitome of elegance with **PORTFOLIO** wall planks—your gateway to a truly transformative space.

### TECHNICAL INFORMATION

Dimensions:	1/4" thickness, 5.1" Width, random lengths 12" to 48" (80% full length)
Construction:	3 ply construction with wood fiber core and hardwood backer that creates a consistent rendition of various species.
Finish:	Three coats of polyurethane UV cured top coat
